

THE OREGONIAN

VOL. XXI.

RELEIGH, NORTH CAROLINA, THURSDAY, FEBRUARY 12, 1903.

NO. 6.

SWEPT BY A WAVE

Eighty Islands Swept By a Terrible Hurricane

1000 LIVES ARE REPORTED AS LOST

Death and Devastation Sweep Over the Islands of the Pacific, and Terrible Consequences Ensis.

San Francisco, Special.—News of a fearful loss of life in a disastrous storm which swept over the South Sea Islands last month, reached here Sunday by the steamer Mariposa, direct from Tahiti. The loss of life is estimated at 1,000 persons. On January 13 last, a huge tidal wave, accompanied by a terrific hurricane, attacked the Society Islands and the Pasmot group with fearful force causing death and devastation never before equaled in a land of great storms. The storm raged several days. From the news received up to the time of the sailing of the steamer, it is estimated that 1,000 of the islanders lost their lives. It is feared that later advices will increase this number. The first news of the disaster reached Papeete, Tahiti, January 26, by the schooner Elmo. The captain of the schooner placed the fatalities at 500. The steamer Excelsior arrived at Papeete the following day with 400 destitute survivors. The captain of the Excelsior estimated the total loss of life to be 800. These figures comprised only the deaths on the three islands of Hao, Hiku and Makooka, whose ordinary population is 1,300. On Hiku island, where 1,000 inhabitants were engaged in pearl diving, nearly one-half were drowned. On an adjacent island, 1000 more were washed out to sea. Makooka and Hao are desolated. Conservative estimates at Tahiti place the number of islands visited by the tidal wave and hurricane at 80. All of them are under the control of the French governor at Tahiti. The surviving inhabitants are left destitute of food, shelter and clothing, all having been swept away by the storm.

The French government, on receipt of news of the disaster, took prompt measures to relieve the distressed districts and dispatched two warships with fresh water and provisions. As the supply of fresh water and provisions was totally exhausted by the storm, it is feared that many lives were lost before the relief ships could arrive, as far as is known eight white people were among the drowned. Included in the list of the dead were: Alexander Brander, N. P. Plunkett, of Oakland; T. D. Donnelly, formerly a fireman, lives at the shore of the island; and the local agent of C. Coppenrath, a merchant of Papeete. Added to this number was an unknown woman who committed suicide from fright.

As the islands were barely 20 feet above sea level and were not surrounded by coral reefs, it was necessary for all inhabitants to take to the coconut trees when the tidal waves began to cover the land. These trees, growing to an immense height, many reaching an altitude of 100 feet. All of the lower trees were covered by the raging seas which swept with pitiless force about and over them. The natives in the tall trees were safe until the coconut roots gave way and then they, too, were swept out into the sea. The 400 survivors brought by the Excelsior to Papeete gained the ship's side by swimming three and four miles from the tops of the coconut trees. The Elmo, though badly damaged by the storm, was also brought off by many persons as could swim to her side, she, like the Excelsior, being unable to run close to the shore because of the violence of the ocean swell, which continued to run abnormally high for a week after the tidal disturbances. Another schooner, the Gaulois, from the Marquesas islands, 600 miles away, encountered the hurricane while on the way to the latter place and only the timely action of the captain in having the cargo, consisting of 30 head of cattle, 35 pigs and 30 tons of cotton, jettisoned, saved the little craft from destruction. Even with this precaution, the life of one man was lost by waves sweeping the decks.

Earthquakes in Middle West.

Owensboro, Ky., Special.—A distinct earthquake shock was felt here at 6:45 o'clock Sunday night. Pictures were shaken from walls and tables in the second story of many buildings.

Louisville, Ky.—A slight earthquake shock was felt here at about 6:45. The vibrations caused windows to rattle, but no damage was done.

Paducah, Ky.—A slight earthquake shock occurred here about 4:45 o'clock Sunday night. No damage was done and the duration of the vibration was very brief.

The Shock Felt in Illinois.

Cairo, Ill.—An earthquake shock was felt in southern Illinois Sunday evening. The seismic wave seemed to move from north to south.

Marion, Ill.—An earthquake shock was felt here. Proceeding the shock a roaring noise was heard.

Dishes Rattled in St. Louis. St. Louis.—Two distinct earthquake shocks were felt in St. Louis and vicinity between 6:20 and 6:25 o'clock Sunday night. The shock was sufficiently forceful to rattle dishes and swing doors.

Death of [J.], Donaldson.

Baltimore, Special.—Major Walter A. Donaldson, superintendent of the National Cemetery in this city, died Saturday from blood poisoning, as a result of a slight wound on his head. Donaldson was also a veteran actor and played with Julius Brutus Booth in 1855. In previous years, since the civil war, he had been superintendent of national cemeteries at Arlington, Md.; Gettysburg, Pa.; City Point, Va., and Beaufort, S. C.

DEATH OF CONGRESSMAN MOODY.

North Carolina Member Passes Away—Honored by Senate.

Asheville, N. C., Special.—Congressman J. M. Moody died at his home in Waynesville Thursday at 1:45 o'clock. The news of Major Moody's death came as a shock. He had been ill for several weeks in Washington before he returned to Waynesville last Saturday morning. Part of his time he was in a Washington hospital, and when it was seen how really serious his condition was it was suggested by his physician that he go home and take a rest from his congressional work. It was thought also that the damp weather at the capital was injurious to him, and that when he returned to the high, dry and healthy atmosphere to which he was accustomed he would recuperate.

Major Moody was here last Friday night. He was in very bad health. Dr. J. Howell was his attending physician. A message from Waynesville to the Citizen said that Major Moody had been in bad health for three years, although it was not known to the public. He has been critically ill for four days. The immediate cause of his death was congestion of the lungs. About three o'clock Thursday morning he lost consciousness and did not regain it up to the time of his death.

Major Moody was 44 years old. He leaves a wife and six children. The funeral will take place Saturday morning at 11 o'clock, Rev. J. E. Abernethy, of the Methodist church of Waynesville, of which Major Moody was a member, will conduct the services. The Knights of Pythias and Royal Arcanum, of which the congressman was a member, will attend.

Washington, Special.—Representative Klutz received a telegram from Waynesville, announcing the death of Representative James M. Moody at his home in Waynesville, shortly after 1 o'clock Thursday. Mr. Klutz immediately announced the death of his colleague in the House, and the usual resolutions of regret were adopted. Speaker Henderson named the following committee to attend the funeral: Messrs. Klutz, Claude Kitchin, Blackburn, Pou and Small of North Carolina, Browder and Gibson of Tennessee, Tate of Georgia, Finley and Johnson of South Carolina, Lamb of Virginia, Haugen of Iowa, Henry of Connecticut, Randall of Texas and Cooner of Missouri.

The Senate adjourned Friday afternoon at 3:20, two hours in advance of the usual time, out of respect to the memory of the late Representative James M. Moody. Senator Simmons Thursday in honor of the memory of the deceased and referred in appropriate words to the demise of Mr. Moody. The Senate unanimously adopted the House resolutions and as a further evidence of respect adjourned on motion of Senator Simmons. In the House this morning the blind chaplain, Rev. M. Couden, referred in touching language to the deceased Representative. The desk which he occupied was draped with a beautiful floral offering. From the capital building the flags floated at half mast.

The Cotton Supply.

New Orleans, Special.—Secretary Hester's statement of the world's visible supply of cotton shows the total visible to be 4,022,263 bales, against 4,097,955 last week and 4,451,718 last year. Of this the total of American cotton is 3,093,263, against 3,204,955 last year, and 3,541,718 last year, and of all other kinds, including Egypt, Brazil, India, etc., 929,000, against 993,000 last week and 910,000 last year. Of the world's visible supply of cotton there is now afloat and held in Great Britain and continental Europe 1,939,000 bales, against 2,233,000 last year; in Egypt, 190,000, against 244,000 last year; in India, 427,000, against 385,000 last year, and in the United States, 1,989,000, against 1,647,000 last year.

Convention Adjourns.

Gainesville, Fla., Special.—The morning session of the convention of county superintendents of public instruction and general educational board was consumed in the discussion of school buildings and equipment. The afternoon session was devoted to negro education and how it should be conducted. After 4 o'clock the visitors were tendered a drive through Gainesville and the near-by country. Prof. Bucholz and Dr. Buttrick of the general educational board, addressed the convention at night on general education, after which the convention adjourned.

Police Chief Shot.

Bamberg, S. C., Special.—Chief of Police J. B. King was shot and killed by Joe Davis, at the latter's home. King, it is said, went to Davis' house at the instance of Davis' wife. The latter had quarreled with her husband and desired him to be placed under a peace bond. As King entered Davis ordered him to stop. King advanced and tapped on the door when Davis shot him from a window with a shot-gun, killing him.

Presidential Nominations.

Washington, Special.—The President has sent the following nominations to the Senate:—K. McDonough, Associate Justice of the Supreme Court of the Philippine Islands; Villa Vign Devener, of Wyoming; United States Circuit judge for the eighth judicial circuit, Clinton F. Irwin, of Illinois; Associate Justice of the Supreme Court of Oklahoma.

FIREMAN PERISHED

Many Suffocated By Fumes From the Burning Acid

MEN DEAD AND ILL AS A RESULT

The Illness Due to Inhaling Fumes of the Deadly Nitric Acid From the Stamp and Seal Company.

Milwaukee, Special.—Four firemen are dead and nine others are said to be seriously ill from the effects of inhaling the fumes of nitric acid while fighting a fire at the plant of the Schwab Stamp and Seal Company Tuesday night. The victims of the disaster were not overcome for many hours after the fire, when one by one, they succumbed.

A complete list of the dead and seriously injured is as follows: Dead: James Foley, chief; Andrew White, captain truck No. 1; Edward Hogan, pipeman, Engine Company No. 1; Thomas Dreyer, pipeman, Engine Company No. 1. Seriously injured: Daniel McCarthy, truckman, Engine Company No. 1. The following will probably recover: William Meloy, George Hanrahan, William Kennedy, John Linehan, Joe Nunawash, George Ryan, all truckmen and Jack J. Hennessy, Lieutenant. Assistant Chief Clancy's condition is critical and the physicians who are watching over him cannot determine his chances of living.

Captain Peter Lancaster is dying and Truckman William Meloy and William Kennedy are seriously ill. The men became ill and rapidly grew worse. Doctors worked over them, but Captain Lancaster appeared to be dying and a priest was sent for and the last rites of the Catholic church administered. It was hoped Palmer and Meloy would recover. The \$250,000 fire in an Oklahoma town. Oklahoma City, Okla., Special.—Fire that started in the Lion Store, dealers in general merchandise, here, caused a loss of \$250,000. The insurance is about one-third of the loss. The entire stock and building of the Lion Store was consumed, entailing a loss of more than \$17,500. Another fire in a frame building on Broadway at the same time caused additional loss.

News Notes.

The Kaiser has issued a decree which is the death knell to the black overcoat of the German officer. After April 1 only the light gray overcoats are admissible. There are worn a good deal already, but many officers still prefer the black coat with its near red collar and cuffs. His Majesty decides upon the uniforms of all his many regiments—not a button or inch of gold braid but the color of the uniform is to be decided by the Kaiser.

In a recent contest for suggesting the best way to make \$5 grow the prize was awarded to a man who advised that the amount be invested in eggs for hatching. He cited, among other things, the case of a boy who exchanged a penny for an egg, and this egg grew successively into a hen, six chickens, a pig, a calf, and a pony, with bride and saddle.

Agents of Germany are seeking to buy warships from Chile. The first part of the French Army budget was adopted by the Chamber of Deputies amid a patriotic demonstration.

The British Channel Squadron is experimenting with oil as fuel. Fifteen sailers were lost in a collision between the British torpedo-boat destroyer Orestes and the cruiser Pioneer near Corfu.

The White Star liner, Cedric, the largest ship in the world, left Belfast for Liverpool on her trial trip. Brigands are creating a reign of terror in the Caucasus.

To Purchase Beauvoir.

Jackson, Miss., Special.—Ten thousand dollars, the amount required for the purchase of Beauvoir, the old home of Jefferson Davis, former President of the Southern Confederacy, was subscribed at a meeting of the Beauvoir committee of the Sons of Confederate Veterans in this city. It is said that a deed will be granted by Mrs. Davis in a few days.

Two Women Hanged.

London, Special.—Amelia Satch and Annie Walters, "baby farmers," were hanged at Holloway jail Tuesday. The woman were recommended to mercy on account of their sex, but the Home Secretary was unable to grant the reprieve usually accorded. The women walked to the scaffold unaided and displayed remarkable fortitude. No woman had previously been hanged in England since March, 1900.

Roosevelt Invited.

Washington, Special.—President Roosevelt received an invitation Wednesday to attend the unveiling of the monument to be erected at Orchard Knob, on the Chancellorsville battlefield, in commemoration of the services of Maryland soldiers on both sides of the civil war. The monument commission, headed by Col. James M. Smith of Baltimore county, was presented to the President by Senator McComas. The President was shown a handsome water-colored drawing of the monument, the unveiling of which will take place on July 22nd next. He gave no definite reply to the invitation, saying that he would take the matter under consideration.

For Librarian Scheme.

Atlanta, Special.—The republic of Liberia, through Bishop H. M. Turner, of this city, has donated to the Colored National and Commercial Association the sum of \$25,000 to assist in purchasing a steamship to ply between the United States and West Africa, for commercial purposes, as well as for emigration. It is the bishop's desire that white as well as colored people purchase shares in this enterprise, and assist negroes who wish to remove to Liberia.

IN CONGRESS

A Hard Fight Against All Anti-Trust Legislation.

Washington, Special.—It can be stated by authority that unless anti-trust legislation, at least satisfactory to the administration, is enacted at the present session, President Roosevelt, on the 5th of March, will call an extraordinary session of the Fifty-eighth Congress. The President himself has already informed members of Congress of his desire and of his determination in this regard. It is understood that the announcement was direct and unqualified. It is further stated that the determination of the President was reached only after careful study of the strenuous efforts that are being made to defeat any anti-trust legislation by Congress. These efforts have covered a wide range. They were characterized Saturday by one prominent Republican leader, to quote him directly, "as the most remarkable of which I have had personal knowledge during my public life." These efforts culminated during the past 36 hours, it is now declared, in direct appeals from the Standard Oil Company, through its president, Mr. John D. Rockefeller, to the members of the Senate not to enact any anti-trust legislation at this time. No less than United States Senators have received telegrams signed "John D. Rockefeller," urging that no anti-trust legislation be enacted. It has not been possible to obtain a copy of these dispatches, which it can be said, are practically identical. Substantially they read as follows: "We are opposed to any anti-trust legislation. Our counsel, Mr. —, will see you. It must be stopped."

As stated, these telegrams, and it must be clear that only the substance and not the exact wording is here given, were signed, "John D. Rockefeller."

Yesterday morning one of the counsel of the Standard Oil Company arrived in Washington, and called immediately upon members of the Senate as indicated in the telegrams. He made no claim long. Scarcely had he made known his business than he was informed, in a curt way, that his presence here was undesirable and he left with an intimation that he would better return to New York.

During the afternoon, information concerning the receipt of the messages leaked out and became the subject of some quiet cloak room discussion at the Senate. The news also reached the sub-committee of the House Judiciary committee learning the gist of the dispatches. Then it became known that this was not the first time the Standard Oil Company, through its attorneys, had endeavored to influence legislation in Congress at this session. The attorneys for the company, it was stated, had opposed vigorously the enactment of the measure submitted by Attorney General Knox, the sub-committee of the House Judiciary committee. Subsequently, when what is known as the Littlefield bill was reported to the House, it can be said on the best of authority, that the Standard Oil Company so vigorously objected to the bill, that it was not taken up for consideration.

The bill, it is said, was reported to the House, it can be said on the best of authority, that the Standard Oil Company so vigorously objected to the bill, that it was not taken up for consideration.

It is said by authority that the administration is endeavoring to have the bill, which was passed by the Senate this week, will be passed also by the House. While this measure, too, is opposed by those who are in favor of trust legislation, the special opposition is being made by the Standard Oil Company, because it is explained, that corporation has grown beyond any effects the enforcement of such legislation might have upon it. The President, it is understood, regards the bill as essential to a sounding out of the administration's plan for anti-trust legislation, and it is believed by those in close touch with him and with the conditions in Congress that it may be enacted into law.

Saturday the efforts being made to defeat or emasculate pending anti-trust legislation formed the basis of some animated conferences. Indeed, the subject is likely to be developed in some detail in Congress. One of the recipients of the agreement signed by the members of the administration, "No such formidable weapon ever has been put in the hands of one man by another in a legislative contest, as was put in my hands by the sender of that telegram," Mr. D. Rockefeller said.

He had endeavored to find all the bad points in it, but had overlooked the good features. Mr. Fraser opposed the bill. The advantages of a college education do not consist in the knowledge of a number of isolated facts, but in the training of the mind to fit itself to work. There is but one examination for doctors and in other professions, then why should teachers be subjected to such harassing examinations every few years.

Mr. Barron, of York, opposed the bill. In behalf of the most legislated against class in the State, the common school teachers who get a miserable pittance for five days' hard work, he opposed the measure. Qualifications to teach do not consist in the knowledge of a few facts, but in common sense, patience and general intelligence. There is already a paucity of teachers in this State and such requirements as this will still further cripple the profession. This was Mr. Barron's first effort in the house, and he acquitted himself very well.

Mr. Richards declared that the bill had been reported unfavorably by all of the committee except the author of the bill. The house killed the bill by an overwhelming vote.

There was considerable discussion over a concurrent resolution to provide offices in the State capitol for the State superintendent of education. The resolution was killed on motion of Mr. Moses.

Mr. Wingo contended that it was "side tracking" this official to have his offices on Main street. Mr. Moses replied that these offices are really more comfortable and as accessible as those in the State house.

Governor Hayward informed the house that Lieut.-Gov. John T. Sloan had resigned from the board of trustees of the South Carolina college. Received as information.

The house killed Mr. Wade's bill to provide for the office of commissioner of agriculture to receive \$1,800 per annum out of the privilege tax fund. The house did not seem to be much interested.

Mr. Wade declared that agricultural interests are lagging, and the only salvation is diversified farming. This is an agricultural State, but the agricultural interests are neglected. Clemson College has not come up to its expectations. Commissioner Stevens is worth a million dollars a year to Georgia. He cited instances in which farmers had made great success with innovations in farming. The average farmer is a "slow coach" and doesn't catch on to ideas quickly. They don't subscribe to agricultural papers. We need a bureau where outsiders can get information. This is a very serious question and a very important matter. The salary of the commissioner, \$1,800, was out of the privilege tax fund and he thought this a mere bagatelle in comparison with the good it would do. Mr. Tatum supported the measure. The bill was killed by an overwhelming vote.

Doings of Those Who Are Making Our Laws.

Against Kissing Bible.

In the Senate Wednesday the judiciary committee offered a substitute for Senator Godwin's bill to prohibit the kissing of the Bible. The substitute instead of prohibiting kissing the Bible simply abolished the necessity of kissing the book. Dr. Pollock objected to these innovations, people had been kissing the Book here for 200 years and if these microbes had now got into the Bible he thought that it was time to stop. People could get a new Bible. Mr. Henderson explained the bill and the substitute. He was not an expert on microbes, but he read that there were 10,000,000 in a pound of cherries and he was sure there were many more on a Bible cover handled by indiscriminate crowds. He did not think the change would detract from the solemnity of the matter. Mr. Godwin, patron of the bill, argued for it. The only thing stricken out by the bill from the Code was "and he shall kiss the Holy Gospel." Most people did not kiss the book now but ladies and children obeyed the judge when he says "kiss the Book." Mr. Wellesley said that the court house kiss was not the kiss of affection and the witness was not expected to take half the Book in his mouth. Mr. Grannville said there was a "white supremacy" Bible. The judge having ordered one Bible for colored people and one for white. He appealed to the Senate not to destroy this old landmark but he wanted the landmarks clean. Now if a man really obeyed the judge he would have to violate the rule of personal cleanliness. He did not think it possible to keep a court house Bible clean. Mr. White said he would naturally refuse to restrict kissing but he favored this bill because he thought it would promote health. Kissing was growing unpopular, observed Mr. Baldwin. Men formerly kissed each other and now some States wanted to license kissing. He thought the right way in which the oath was administered was often responsible for perjury. He pleaded for preserving the old custom. Mr. Marshall moved to strike out "so help me God," and substitute "in the presence of the Almighty." Mr. Mitchell moved to lay on the table. This failed. The committee's substitute was adopted. Mr. Marshall withdrew his amendment. The bill then passed second reading and went over upon Mr. Mitchell's objection to its third reading. In the House Wednesday the Watts temperance bill was favorably reported with amendments and made a special order for Tuesday next.

A number of petitions and bills were introduced, the most important being an act to prevent the spreading of contagious disease among domestic animals.

OUR LEGISLATURE.

Doings of Those Who Are Making Our Laws.

Against Kissing Bible.

In the Senate Wednesday the judiciary committee offered a substitute for Senator Godwin's bill to prohibit the kissing of the Bible. The substitute instead of prohibiting kissing the Bible simply abolished the necessity of kissing the book. Dr. Pollock objected to these innovations, people had been kissing the Book here for 200 years and if these microbes had now got into the Bible he thought that it was time to stop. People could get a new Bible. Mr. Henderson explained the bill and the substitute. He was not an expert on microbes, but he read that there were 10,000,000 in a pound of cherries and he was sure there were many more on a Bible cover handled by indiscriminate crowds. He did not think the change would detract from the solemnity of the matter. Mr. Godwin, patron of the bill, argued for it. The only thing stricken out by the bill from the Code was "and he shall kiss the Holy Gospel." Most people did not kiss the book now but ladies and children obeyed the judge when he says "kiss the Book." Mr. Wellesley said that the court house kiss was not the kiss of affection and the witness was not expected to take half the Book in his mouth. Mr. Grannville said there was a "white supremacy" Bible. The judge having ordered one Bible for colored people and one for white. He appealed to the Senate not to destroy this old landmark but he wanted the landmarks clean. Now if a man really obeyed the judge he would have to violate the rule of personal cleanliness. He did not think it possible to keep a court house Bible clean. Mr. White said he would naturally refuse to restrict kissing but he favored this bill because he thought it would promote health. Kissing was growing unpopular, observed Mr. Baldwin. Men formerly kissed each other and now some States wanted to license kissing. He thought the right way in which the oath was administered was often responsible for perjury. He pleaded for preserving the old custom. Mr. Marshall moved to strike out "so help me God," and substitute "in the presence of the Almighty." Mr. Mitchell moved to lay on the table. This failed. The committee's substitute was adopted. Mr. Marshall withdrew his amendment. The bill then passed second reading and went over upon Mr. Mitchell's objection to its third reading. In the House Wednesday the Watts temperance bill was favorably reported with amendments and made a special order for Tuesday next.

A number of petitions and bills were introduced, the most important being an act to prevent the spreading of contagious disease among domestic animals.

An act to prevent the seduction and abduction of married women.

An act to protect timber dealers.

NEW BILLS.

Among the new bills in the house Mr. Clifton, to amend the code in reference to demurrers.

Mr. Wade, to outlaw slot machines.

Mr. Sinker, by request, to provide for a State bacteriologist; also a bill to require towns and cities to furnish mortuary statistics.

Mr. Gaston, relating to increase in salary of coroner of Chester.

Mr. Hill, to increase number of magistrates of Colleton county.

Mr. Rainford, to provide for the sale of the State farms.

Mr. Kelly, relating to a new jail for Lee county.

Mr. Moses, to change and designate certain townships in Sumter county.

Mr. McMaster, to extend the rights and remedies of employers of railroad corporations as provided by the constitution to employees of cotton and textile mill corporations and telegraph companies.

There was a majority unfavorable report on Mr. Lanham's bill to require railroads to allow each passenger 200 pounds of baggage without charge.

Mr. M. J. Johnson's bill to provide all railroads operating in this State to protect the rated and freight stipulated in the bill for carriage of all freight, goods wares and merchandise, and to provide penalties for the violation thereof.

There was also an unfavorable report on Mr. Mauldin's bill to provide against usury.

Mr. Pollock's dispensary bill was recommended to the joint committee on public schools and the dispensary. This bill proposes radical changes in the dispensary law.

TEACHERS' EXAMINATIONS, ETC.

Mr. Kirby's bill to regulate the granting of certificates to teach in free public schools, and as an unfavorable business and was killed.

Mr. D. O. Herbert opposed the bill. It is an abrupt and unnecessary junketing trip for the State board of education. It also means that graduates of normal colleges must stand these examinations when the object of normal colleges is to prepare teachers for their work. He objected particularly to members of the State board of education traveling around the State granting certificates. He objected to giving college graduates merely one-year certificates.

Mr. Kirby defended the bill on the same line of his speech Monday. Mr. "John D. Rockefeller" said that he had endeavored to find all the bad points in it, but had overlooked the good features.

Mr. Fraser opposed the bill. The advantages of a college education do not consist in the knowledge of a number of isolated facts, but in the training of the mind to fit itself to work. There is but one examination for doctors and in other professions, then why should teachers be subjected to such harassing examinations every few years.

Mr. Barron, of York, opposed the bill. In behalf of the most legislated against class in the State, the common school teachers who get a miserable pittance for five days' hard work, he opposed the measure. Qualifications to teach do not consist in the knowledge of a few facts, but in common sense, patience and general intelligence. There is already a paucity of teachers in this State and such requirements as this will still further cripple the profession. This was Mr. Barron's first effort in the house, and he acquitted himself very well.

Mr. Richards declared that the bill had been reported unfavorably by all of the committee except the author of the bill. The house killed the bill by an overwhelming vote.

There was considerable discussion over a concurrent resolution to provide offices in the State capitol for the State superintendent of education. The resolution was killed on motion of Mr. Moses.

SOUTHERN INDUSTRIAL

Drainage.

In asking the South Carolina legislature for an appropriation to continue its work, the sanitary and drainage commission of Charleston county has made an interesting report of its progress in reclaiming 15,000 acres of lowlands near Charleston. At a cost of a little more than \$3,141 about 8,036 acres have been drained, and the commission reports that that territory is now perfectly healthy, and it asserts that the mere reduction of the number of mosquitoes which had been bred in the ponds and morasses has been of incalculable benefit to the health of that section. The commission states that the work is now approaching a section of the county which has been for years considered the most lawless. Drainage will make the territory healthy and permit its occupation by law abiding whites, so that it will be sanitary both from the physical and moral standpoint. The undoubted good results already obtained through this drainage work ought to encourage its prosecution of completion and lead to a more general movement for the reclamation of other such waste lands in the South.

A 10,000 Spindle Addition.

One of the most successful cotton mills in the South, and one of which the public hears little, is that conducted by the Odell Manufacturing Co. at Concord, N. C. This company held its annual meeting last week and the reports of the management presented some interesting facts regarding the enterprise. The company declared a semi-annual dividend of 4 per cent, charged off \$50,000 for wear and tear of machinery (making \$100,000 for this purpose in two years), and added an amount to its surplus fund, increasing same to about \$270,000. The stockholders also authorized at the meeting the issuance of additional stock to the amount of \$100,000, almost all of which was subscribed at once. This new capital will be expended on the erection and equipment of an addition to contain 10,000 spindles. Its product will be fine yarns up to 60s. The Odell plant at present has 30,000 ring spindles and 1,726 "looms," and its capital before this increase was \$500,000. It uses about 10,000 bales of cotton annually, and during 1902 manufactured 21,694,413 yards of cloth.

Textile Notes.

C. B. Somerville and associates were mentioned recently as having purchased Armstrong Knitting Mills at Charlottesville, Va., as to operate same and introduce the manufacture of overalls in connection with the mill. They have organized H. C. Marchant Manufacturing Co. to carry out their plans. H. C. Marchant being president; K. B. Valentine, vice-president; C. B. Somerville, secretary, and W. O. Watson, treasurer. This company will knit men's, women's and children's ribbed underwear and manufacture overalls, adding 100 sewing machines for this purpose.

Berkley Knitting Mills, Berkley, Va., has completed improvements that have been in progress. The main building has been added, making it 90x120 feet in size. It is two stories high. Considerable new machinery was also put in position. This mill manufactures high-grade ladies' underwear finished with silk. Several of the twenty-five assortments produced are made there.

Messrs. W. I. Weisman and T. W. Pratt, president of banks at Huntsville, Ala., have been in New York during the past week negotiating with a party of capitalists for the erection of a large cotton factory at Huntsville. It was reported that this company will knit men's, women's and children's ribbed underwear and manufacture overalls, adding 100 sewing machines for this purpose.

Pratt, president of banks at Huntsville, Ala., have been in New York during the past week negotiating with a party of capitalists for the erection of a large cotton factory at Huntsville. It was reported that this company will knit men's, women's and children's ribbed underwear and manufacture overalls, adding 100 sewing machines for this purpose.

Berkley Knitting Mills, Berkley, Va., has completed improvements that have been in progress. The main building has been added, making it 90x120 feet in size. It is two stories high. Considerable new machinery was also put in position. This mill manufactures high-grade ladies' underwear finished with silk. Several of the twenty-five assortments produced are made there.

No. 11

We are glad to see that Senator Pritchard has solved the Wilson post-office affair by recommending Dr. Person for postmaster. We learn that the Democratic Redshirt Machine of Wilson are fighting Dr. Person's confirmation on the ground that he is a man of "violent temper and dangerous" etc. This evidently means that the machine considers him to be a man of such character and courage that they can neither use him nor intimidate him; and therefore, their opposition on this ground should be their strongest recommendation.

Dr. Person has been in the forefront of all the political contests in Wilson county. He has the confidence of the people of all parties; is a man of good family and high character, and deserves the position. It is natural that the redshirt machine should desire either Vick, the negro for postmaster, or some weak-kneed white man whom they could either use or intimidate or at least whose courage and strength of character they would have no cause to fear.

The whole state will hear with deep regret of the sudden and untimely death of ex-Congressman Moody of Waynesville. He left Washington a few days ago suffering with an attack of grip, and threatened with what seemed to be pneumonia. He died of congestion of the lungs. He was a rugged mountaineer with considerable talent and served acceptably in several legislatures of the state, made a good record as Major in the Spanish War, and was just finishing his first term in Congress.

We clip the following from one of our exchanges:
"W. A. Dunn, of Scotland Neck, in his argument before the committee while the London Liquor bill was being heard said: 'I am a democrat, and have always been. I voted when I was fifteen years of age; we learn that in Halifax county.'"

And, lo, this sweet scented—advocate of righteous wound up by saying, "The Democratic party has always been the party of morality." Ye Gods! What shall we expect next?"

The Elizabeth City North Carolina makes the following pertinent remark:
"The Wilson Democrats who in 1898 and 1900 clamored so long and loud for white supremacy have now reached that stage where you have to hold their mouth open and pour it down them."

An exchange takes this view of the feelings of two of the defeated candidates for the Senatorship:
"Watson evidently has that 'tired feeling.'"

As for Craig he can go home and ruminate upon the promises of the Simmons machine and glorious flogging he received at the hands of Mr. Pritchard in the last campaign."

Senator Doughton has introduced a bill in the senate for \$400,000 bond issue of 3 1-2 per cent Bonds and still members of this legislature are constantly introducing bills to increase salaries, make new offices, and make the State pay money stolen by an individual simply because it was stolen from a democrat.

Wouldn't the voters and tax-payers of North Carolina feel better if the management of the State Penitentiary would show the people the surplus that the democrats say they have to their credit.

It is possible that Watson and Craig will get together and try to invent a new "Democratic Machine" They evidently must think that the one now in use is about worn out.

A member of the Legislature has offered a resolution to turn the State Penitentiary into an insane asylum. What an insane idea.

ANOTHER PENITENTIARY SCANDAL

Mr. J. C. L. Bird Makes Grave Charges of Credibility by Penitentiary Officials.

Col. Olds may disclaim responsibility for the article copied in your paper from The Atlanta Constitution and The News and Observer may declare it a big fake story; but it was the naked, unvarnished truth. In fact, the author of that article did not do the subject justice. He told only a part of the truth, for the conduct of the penitentiary authorities in removing those convicts at the time, and in the manner it was done, is a shame and a disgrace to a civilized people. The camp where they had been quartered is twenty-six miles from Marion. The road is the worst road in North Carolina Superintendent Mann had driven over it only a day or two before in the best rig the livery could furnish, and he was loud in his denunciation of the condition of the road. The weather was intensely cold. The streams on the Mitchell side of the mountain were frozen over and the convicts walked across on the ice. Shacked together, two and two they marched over the frozen mud to the top of the mountain. On the McDowell side, it was not frozen hard enough to bear up the weight of a man so the men were forced to march in mud, from six inches to two feet deep and wade the streams. As the men dragged one foot after another, a shoe would come off in the mud, the convict would falter to get it but the guard, as I am reliably informed, would jab him with a gun, curse him, and order him to move on. When they arrived in Marion, just before daylight, after marching 26 miles that day, they were wet and literally bedraggled with mud to above their knees. The shackles that bound them together were covered with frozen mud, and in many instances were large as the arm of a man. The mud was so deep that the shackles could not be held above it, and was dragged through it. They were wet, muddy, tired, worn completely out and almost dying. The guards would not allow them to march on the store sidewalks of the town, but kept them in the middle of the muddy streets. Two poor fellows, who had fainted on the way, came in behind the others, one of them faltered in the street, and said he could go no further. He was ordered to move on. A citizen John Yancey, Jr., begged the guard to march the men on the sidewalk, and thus, they were partially relieved. They were marched to the cars, fed on nothing but cold bread and cold fat back. They were given a very small portion of corn whiskey, about a gallon for 160 men. Fifteen to twenty of the men were unable to walk, and were hauled in wagons. In one wagon were five men unable to hold up their heads, so a driver informs me. One of the drivers of the wagon told me that they were given water about twice on the way. Finally, the guard became tired of listening to the groans and requests for water and told them, "You need a damn good whipping shut your damn mouths." These men were removed from the wagon at the door of the car. One of them had every appearance of being dead he was stark and stiff, and his face was covered with a cloth. Mr. John A. McDonald, who saw this says he looked like a dead man.

About a month ago, a lot of sick men were brought from the camps and shipped to Raleigh when they arrived at the depot, they were ordered to get out of the wagons. As they did so, from sheer weakness, some of them fell and their faces were buried in mud. They were unable to extricate themselves. After a time, a guard ordered the stronger ones to pull those who had fallen out of the mud, and they were laid on the platform of the depot. Mr. Geo. L. White, cashier of the First National Bank saw this sickening sight.

When the convicts were first sent to the road in Mitchell county about a year ago, it was a very cold time. When they reached Tar river, near Spruce Pine, the river was running with much ice. The convicts were ordered to wade the river, and they did. I am informed by men who say they were present and saw it, that the guards rode across the river on the backs of the convicts.

There can be no excuse offered why it was necessary to remove those men in such weather. There is no human reason why a number of men who are too sick to hold up their heads should be dumped into a wagon and hauled in such weather and over such roads, 26 miles in one day. Superintendent Mann was conversed, or ought to have been, with the condition of the men under him, he knew what the weather was, and he knew the condition of the roads. The physician in charge it seems might have prevented, for the sake of humanity, the removal of those sick men.

If it was necessary to remove them, certainly any reasonable man knows that 26 miles is too far to march men, shackled together, in one day. One mile is too far to march them through mud as deep as the mud is on that road. Such conduct of the authorities deserves the most severe condemnation, and should be at once investigated. The solicitor of the district, Hon. Joseph F. Spaulding, has been notified of the occurrence, and it's up to him to see what he will do at the next term of his court.

The following gentlemen, among the best men in town, know the

truth of the above statements, viz: B. B. Price, Geo. L. White, J. G. Neal, W. T. Morgan, D. N. Linson, W. W. Cooper, John Yancey, Jr., R. S. Cooper, W. B. Hatfield, J. A. McDonald, De Brutz Cutler, Dr. G. S. Kirby and a score of others. Respectfully, J. L. C. Bird, Marion, N. C. Jan. 29, 1903.

Better Than Gold

"I was troubled for several years with chronic indigestion and nervous debility," writes F. J. Green of Lancaster, N. H. "No remedy helped me until I began using Electric Bitters, which did me more good than all the medicines I ever used. They have also kept my wife in excellent health for years. She says Electric Bitters are just splendid for female troubles; that they are a grand tonic and invigorator for weak, run down women. No other medicine can take its place in our family." Try them. Only 50c. Satisfaction guaranteed sold by all Druggists.

FOR OVER FIFTY YEARS

Mrs. Winslow's Soothing Syrup has been used for children while teething. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for Diarrhoea. Twenty-five cents a bottle. Sold by all druggists throughout the world.

At the time of this writing the Old State Arsenal is still resting on the Capitol Square.

Escaped and Awful Fate

Mr. H. Haggins of Melbourne, Fla., writes, "My doctor told me I had Consumption and nothing could be done for me. I was given up to die. The offer of a free trial bottle of Dr. King's New Discovery for Consumption, induced me to try it. Results were startling. I am now on the road to recovery and owe all to Dr. King's New Discovery. It surely saved my life." This great cure is guaranteed for all throat and lung diseases sold by all Druggists. Price 50c & \$1.00 Trial Bottles free.

Where is that Penitentiary surplus.

Nearly Forfeits His Life
A runaway ulcer ending fatally, started a horrible ulcer on the leg of J. B. Orner, Franklin Grove, Ill. For four years it defied all doctors and all remedies. But Bucklen's Arnica Salve had no trouble to cure him. Equally good for Burns, Bruises, Skin eruptions and Piles. 25c at any Drug Store.

SHORT DAIRY COURSE

Young men working upon the farms can nearly double their present wages by taking a six weeks' course in dairying at the A. & M. College for the colored Race, Greensboro, N. C. Winter Terms began Jan. 5-1903, Spring Term will begin March, 23-1903. For terms, etc., address Prof. J. Henry Bluford, director of the Department of Agriculture and Chemistry, and for catalogue and general information address Pres. Jas. B. Dudley, A. & M. College, Greensboro, N. C.

Scene in the Valley de Mendiz, Portugal.

Group of girls carrying Wicker Baskets Full of grapes to the Winery to be Crushed and Made into Wine.

The Speer Wine Company, Passaic N. J.

have their vineyards stocked of the same grape, the only vineyard of the kind in this country, the vines were imported and planted here over forty years ago. The Speer Port wine and Burgundy are now regarded the finest in the world, their rich, full body and high character is unexcelled. Invalids, weakly persons, especially females, and the aged are made strong and vigorous by its use, as a family wine it has no superior. First class physicians all over the country, here and in Europe, who have tried them recommend them as the best.

Agents Wanted

LIFE OF T. DEWITT TALMAGE, by his Son, Rev. Frank Dewitt Talmage and associate editors of Christian Herald. Only book endorsed by Talmage family. Enormous profit for agents who act quickly. Outfit ten cents. Write immediately Clarke and Co., 222 S. 4th St. Phila. Mention this paper.

Of All Hot Weather Enemies

of humanity cholera is the worst. Treatment to be effective must be prompt. When vomiting, purging and sweat announce that the disease is present, combat it with Perry Davis' Painkiller. All bowel troubles, like diarrhoea, cholera morbus and dysentery are overcome by Painkiller. It is equally health promoting all climates.

WANTED—FAITHFUL PERSON TO TRAVEL

for well established house in a few counties, calling on retail merchants and agents. Local territory. Salary \$1024 a year and expenses, payable \$19.70 a week in cash and expenses advanced. Position permanent. Business successful and rushing. Standard House, 334 Dearborn St., Chicago.

A SUSTAINING DIET.

These are the enervating days, when, as somebody has said, men drop by the sunstroke as if the day fire had dawned. They are fraught with danger to people whose systems are poorly sustained; and this leads us to say, in the interest of the less robust of our readers, that the fall effect of Hood's Sarsaparilla is such as to suggest the propriety of calling this medicine something besides a blood purifier and tonic,—say, a sustaining diet. It makes it much easier to bear the heat, assures refreshing sleep, and will without any doubt avert much sickness at this time of year.

How to Avoid Trouble.

Now is the time to provide yourself and family with a bottle of Chamberlain's colic, cholera and diarrhoea remedy. It is almost certain to be needed before the summer is over, and if procured now may save you a trip to town in the night or in your busiest season. It is everywhere admitted to be the most successful medicine in use for bowel complaints, both for children and adults. No family can afford to be without it. For sale by T. F. Saunders.

WANTED—A TRUSTWORTHY

gentleman or lady in each county to manage business for an old established house of solid financial standing. A straight, bona fide weekly cash salary of \$18.00 paid by check each Wednesday with all expenses direct from headquarters. Money advanced for expenses. Manager, 340 Caxton Bldg., Chicago.

STAND LIKE A STONE WALL.

Between your children and the tortures of itching and burning eczema, scaldhead and other skin diseases—How? why, by using Bucklen's Arnica Salve, earth's greatest healer. Quickest cure for Ulcers, F. ver Sores, Salt Rheum, Cuts, Burns or Bruises. Infalible for Piles. 25c at all druggists. Sold by R. H. Holliday

MANAGER WANTED.

Trustworthy, either sex, by wholesale Merchandise Company of solid financial standing, to manage Local Representatives who will organize clubs among consumers. 40 per cent saved for our customers. Business no experiment but a proven success. Salary \$18.00 a week, expenses advanced. Experience unnecessary. Address D. B. Clarkson, Mgr., 334 Dearborn St., Chicago, Ill.

MINNEAPOLIS MINN.

Raleigh to Minneapolis, Minn., and return at rate of one fare for the round trip plus \$2.00, account National Educational Association. Tickets on sale July 4th, 5th, and 6th, limited returning July 14, 1902. An extension of the final limit to October 1st, can be secured by depositing ticket with the Joint Agent, Minneapolis on or before July 14th, and on payment of fee of 50c.

THE CHAMBERLIN Stump Pulling Machine. The only Stump Machine in the world that successfully pulls all sizes and kinds of stumps. MANUFACTURED BY THE CHAMBERLIN MFG. CO. OLEAN, N. Y. Write for Catalogue and Price List.

\$20,000.00 CASH CONTEST

OF THE ATLANTA CONSTITUTION
UPON TOTAL PORT RECEIPTS OF COTTON
1st SEPT., 1902, TO 10th JAN., 1903.

CONTEST CLOSES DECEMBER 31st, 1902. MAGNIFICENT TWENTY THOUSAND DOLLAR OFFER.

To the one Making the exact, or the nearest to the exact, estimate of the receipts of cotton at ALL UNITED STATES PORTS from Sept. 1, 1902, to January 10, 1903..... \$5,000
To the next nearest estimate..... 2,000
To the second next nearest..... 1,000
To the five next nearest..... \$300 each..... 1,500
To the ten next nearest..... 200 each..... 2,000
To the fifteen next nearest..... 100 each..... 1,500
To the twenty next nearest..... 50 each..... 1,000
To the fifty next nearest..... 10 each..... 500
To the one hundred nearest..... 5 each..... 500

For distribution among those estimates (not taking any of the above 203 prizes) coming within 1,000 bales either way of the exact figures..... \$15,000
Should the exact figures have been given during the contest prior to Sept. 1st there was offered to the successful estimate, if made before then..... 5,000
Grand total..... \$20,000

Conditions of Sending Estimates in This Mammoth \$20,000 Contest.

- (1) Send \$1.25 for WEEKLY CONSTITUTION and SUNDAY SOUTH, both one year, and send two estimates in this contest—One to one estimate for the SUNDAY SOUTH and another estimate for THE CONSTITUTION.
- (2) Send \$1.00 for WEEKLY CONSTITUTION one year and send one estimate in the contest.
- (3) Send 50c for SUNDAY SOUTH one year and send one estimate in the contest.
- (4) Send 50c for one estimate alone in the contest if you don't want a subscription, or if you wish to make a number of estimates on this basis you may send THREE estimates for every ONE DOLLAR forwarded at the same time. Estimates are sent. If as many as TEN estimates are sent at the same time, without subscription, the sender may forward them with only THREE dollars—this special discount being offered only to estimates of ten. A postal card receipt will be sent for each estimate so received. Where subscriptions are sent the arrival of the paper itself is an acknowledgment that your estimate has been received and carefully recorded.
- (5) The money and the subscription and the estimate must come in the same envelope every time. The estimate, the money and the subscription go together. This rule is positive.
- (6) No estimate must be mailed later than December 31st, 1902.
- (7) In case of a tie upon any prize estimate, the money will be equally divided.

BLANK FOR \$1.00 AND THREE ESTIMATES, WITHOUT SUBSCRIPTION.
(To be charged if subscriptions and estimates both are sent.)
PUBLISHERS: CONSTITUTION, Atlanta, Ga.
Enter THREE estimates for me, for \$1.00 enclosed, in your current contest as follows:

1st					
2d					
3d					

Upon Total Port Receipts
September 1, 1902,
to January 10, 1903.

Name.....
State.....
Postoffice.....

NOTE—If you wish only ONE estimate in the contest, send FIFTY CENTS and fill out only one line of the blank. If you wish TEN estimates in the contest send THREE DOLLARS and write your own figure plain. If you wish to subscribe to THE WEEKLY CONSTITUTION or SUNDAY SOUTH, or both, as above offered, make remittance indicated and send estimates FREE—one estimate for each yearly subscription, or two for the combination, changing this coupon accordingly and enclosing with remittance.

Address all orders to... **THE CONSTITUTION, ATLANTA, GA.**

MUST BE SOLD

--AT--

J. L. TYNDALL'S

A nice line of Merchandise, Dry Goods and Notions, Shoes, Hats, Caps, etc., at most any price to suit. In fact they

MUST BE SOLD.

Groceries, Flour, Meat, Meal, Molasses, Sugar, Coffee, Rice, Candy, Crackers, Pepper, Spices, Ginger, Extracts, etc. Tobacco and Snuff, OLD VIRGINIA CHEROOTS, Soaps, Soap Powders, Gold Dust, Washing Powders, etc. Just come and see for it

MUST BE SOLD.

Hardware, Tinware, Glassware, Crockery, etc., and nice line of Hoses, Buggy Harness, Saddles, Bridles, Halters and so on. Everything at prices that make it go, and it

MUST BE SOLD.

Also sell BLACK DEATH, the great insect destroyer, kills all kind of insects on collard, cabbage and all other kind of plants. Don't fail to see me, I will save you money.

Yours for bargains,

J. L. TYNDALL

PERSONAL TO SUBSCRIBERS

WE WILL SEND to every subscriber or reader of THE CAUCASIAN a full-sized ONE DOLLAR package of VIT-E-ORE, by mail, POSTPAID, sufficient for one month's treatment, to be paid for within one month's time after receipt, if the receiver can truthfully say that its use has done him or her more good than all the drugs and dopes of quacks or good doctors or patent medicines he or she has ever used. READ this over again carefully, and understand that we ask our pay only when it has done you good, and not before. We take all the risk; you have nothing to lose. If it does not benefit you, you pay us nothing. VIT-E-ORE is a natural, hard, adamantine rock-like substance mineral ore—mined from the ground like gold and silver, and requires about twenty years for oxidation. It contains free iron, free sulphur and magnesium, and one package will equal in medicinal strength and curative value 800 gallons of the most powerful, efficacious mineral water, drunk fresh at the springs. It is a geological discovery, to which there is nothing added or taken from. It is the marvel of the century for curing such diseases as Rheumatism, Bright's Disease, Blood Poisoning, Heart Trouble, Diphtheria, Catarrh and Throat Affections, Liver, Kidney and Bladder Affections, Stomach and Female Disorders, La Grippe, Malarial Fever, Nervous Prostration and General Debility, as thousands testify, and as no one, answering this, writing for a package, will deny after using. Give age, sex and address.

This offer will challenge the attention and consideration, and afterwards the gratitude of every living person who desires better health, or who suffers from any of the diseases which have defiled the medical world and grown worse with age. We care not for your skepticism, but ask your investigation, and at our expense, regardless of what ill you have, by sending to us for a package. You must not write on a postal card.

In answer to this, address THEO. NOEL COMPANY DEPT. L. F., 527, 529, 531, W. North Ave., Chicago, Ill.

PROBABLE YBREAK IN DEADLOCK

PROPOSED COMPROMISE ON THE
STATEHOOD FIGHT EXPECTED
TO SETTLE THE QUESTION

Language Accredited to John D. Rockefeller in Telegram Sent by Him to Certain Senators With Reference to Anti-Trust Legislation, Standard Oil Company Sends Attorney to Washington, Littlefield Anti Trust Bill Passes the House by Unanimous Vote. President Determined to Secure Anti Trust Legislation by this Congress or Will Call Extra Session. Venezuelan Controversy Will Probably go the Hague Tribunal.

Special to the Caucasian:

Washington, D. C., Feb. 9: The steering committee of the Senate has been able to reach a sort of a compromise on the Statehood proposition, which it is expected will meet the views of the Senate, or a considerable majority thereof, during the present week. The compromise plan proposes the admission of two states to be known as Arizona and Oklahoma, the state of Arizona to comprise the new territories of Arizona and New Mexico and the state of Oklahoma to comprise the now territories of Oklahoma and Indian Territory. This differs from the proposition for which Senator Quay and his followers have been fighting for in that it does not admit of single statehood of the territories. The only element of uncertainty is the position which the Democrats will take upon the Republican compromise measure, they heretofore having followed Senator Quay for the single statehood proposition.

A revelation in the nature of a sensation was sprung last week when the substance of a telegram by John D. Rockefeller to certain Senators was made known. The telegram was substantially (though not in the exact words) the following:

We are opposed to any anti-trust legislation. Our counsel M. . . will see you. It must be stopped.

As stated these telegrams were signed John D. Rockefeller. It is stated that the attorney referred to came to Washington, but as soon as he stated his business, was informed that his presence was undesirable.

As the trust legislation stands at present before Congress, a bill known as the Elkins anti-trust bill has passed the Senate which is generally admitted to be harmless. The House last week passed the Littlefield anti-trust measure by an unanimous vote of the House, the Democrats on the final vote after having endeavored in vain to secure certain amendments, voting for the measure. It is not thought, however, that this measure will meet the views of the Senate. Just how earnest the Republican leaders are in their efforts to curtail the trust evil cannot be stated until the joint product of the Senate and House is agreed upon. It can, however be authoritatively stated that the President intends to use all of his influence and power toward securing effective legislation, and that he considers the matter of such vital importance as to call an extra session in order to secure anti-trust legislation if it is not passed during the present session.

The Allies have through their representatives here refused to concede to the suggestions of Mr. Bowen, and the only remaining course is reference of the question in dispute to the Hague tribunal. It is the opinion here that Minister Bowen conducted the negotiations in a most business like and creditable manner.

OUR LEGISLATURE. (continued from first page)

BILLS INTRODUCED

Webb—For the better protection of mechanics, laborers and material men Ordered printed. White—To appropriate \$200,000 for the public schools of North Carolina.

The Senate concurred in the House amendment to the bill to provide for the sale of property when there is a contingent remainder and none of the remaindermen are in esse.

Burton—To prohibit dealing in futures in Reidsville, Gilliam—For the prevention of fraudulent trading, requiring the name of the principal partner to be displayed in the firm name except in incorporated companies.

SPECIAL ORDER

Senate bill to provide for the inspection and sale of cotton seed meal for fertilizers was passed after an amendment by Senator Mitchell.

PASSED THIRD READING

House bill, to allow Clay to subscribe to the capital of the Hiawasee Railway. House bill, to allow Murphy to subscribe to the Hiawasee Railroad. Senate bill authorizing Concord to contract for light.

Senate bill, to amend chapter 645, laws 1901, relating to fowls in Orange.

The Committee on Health reported its substitute for the bill to provide dead bodies for dissection

in medical colleges. The substitute was adopted and the bill passed. This bill as it passed simply gives the colleges the bodies of those who died in jails, penal institutions or are executed and other bodies not claimed by relatives.

NEW BILLS INTRODUCED

Moore—To allow the commissioners of Cumberland to levy a special tax for road improvement.

Phillips—To promote the oyster industry in Brunswick. Wooten—To allow stock to run at large in Lenoir between the 10th of November and the 15th of February. Self—To prevent the destruction of birds in Catawba. Self—To provide for an increase of punishment in cases of assault with intent to commit rape. Doughton—To authorize and direct the issue of State bonds to pay off appropriations made by the State and for other purposes. Ray—To amend chapter 409, laws of 1901, relative to the sale of liquor in Yancey.

SENATE MONDAY

Senator Wellborn, of Ashe, gave notice formally of the contest of W. M. Buckner against W. E. Griffith, of the Thirty-sixth Senatorial district. It was referred to the Committee on Privileges and Elections.

BILLS INTRODUCED

Bellinger—For making and working the public roads in Henderson county. Bellamy—To allow license to be paid for holding festivals in the county of Brunswick. This requires a \$10 tax on night festivals. Gilliam—To authorize the removal of cases when the justices of the peace dies or becomes incapacitated for the performance before the conclusion of the case. Justice—To provide for tax and penalties on railroad companies and adjustment of tax with such companies as do not discriminate against North Carolina shippers.

Senate bill, relieving State Treasurer B. R. Lacy of \$374 embezzled by W. M. Martin, a clerk in his office. The bill passed second reading. Senator Spence, of Moore, opposed the bill declaring it a dangerous precedent. He said his Republican opponent had charged on the campaign that Mr. Lacy had not paid back this money.

The bill was referred to the Judiciary committee.

PASSED THIRD READING

H. B., to levy a special tax in Sampson to pay expense of small-pox epidemic. S. S., to authorize Guilford to vote on Bonds.

PASSED THIRD READING

S. B., for the relief of sheriffs and tax collectors. H. B., allowing Toxoway Co. to furnish wines and liquors to guests. H. B., to establish a State prison parole commission.

Walker—To amend section 3784 of The Code, relating to holidays. This makes Saturdays a half holiday for banks.

House bill striking out the word "private" and substituting "public" drunkenness as a punishable offense in Madison.

BILLS AND RESOLUTIONS

Graham—A joint resolution to appoint a committee to investigate the cost of converting the penitentiary building into a hospital for insane or other useful purposes. Graham—A resolution in regard to the distribution of the Geo. Peabody fund.

Dobson—To prevent the unjust seizure of crops of tenants by landlords.

Erwin—To prevent overcharges by railroads and other corporations. Leeper—To protect game in Gaston. Woodard—For the relief of the clerk of Superior Court of Pamlico.

Mysterious Circumstances

One was pale and sallow and the other fresh and rosy. Whence the difference? She who is blushing with health uses Dr. King's New Life Pills to maintain it. By gently arousing the lazy organs they compel good digestion and head off constipation. Try them. Only 25c, at all Druggists.

Young Plants

Every farmer knows that some plants grow better than others. Soil may be the same and seed may seem the same but some plants are weak and others strong.

And that's the way with children. They are like young plants. Same food, same home, same care but some grow big and strong while others stay small and weak.

Scott's Emulsion offers an easy way out of the difficulty. Child weakness often means starvation, not because of lack of food, but because the food does not feed.

Scott's Emulsion really feeds and gives the child growing strength.

Whatever the cause of weakness and failure to grow—Scott's Emulsion seems to find it and set the matter right.

Send for free sample. Scott & Bowne, Chemists, 40 Pearl St., New York City, and all druggists.

Sampson County Cases Heard
We were unable to learn when the Sampson county cases would be heard before the committee and therefore did not have a correspondent present. We take the following from Saturdays News and Observer:

"Again the Committee on Counties, Cities and Towns discussed Sampson county and its affairs.

Two of the bills concerning that county had previously been reported favorably, these being one to allow the residue of a special tax collected to pay for building a jail to be applied to county purposes, and the levy of a special tax not to exceed \$1.3 cents on the \$100 valuation. 25 cents on the poll, for paying expenses of a small-pox epidemic and the support of the poor.

Mr. H. E. Faison, of Clinton, desired to be heard in opposition to the proposed bills, and hence the reopening of the Sampson affairs. Mr. John Kerr, of Clinton, was present to urge that the bills stand, and Major George E. Butler, county attorney of Sampson, was also present to speak for the bills.

Incidentally it was learned during the meeting that the favorable report on the bills changing the county government of Sampson would not be pressed, but that a reference of the bills will probably be asked for and an unfavorable report will be made on them. This will leave the county government of Sampson as its voters decreed and this, in part, explains the desire for a change in the two bills regarding financial affairs.

Mr. Faison first addressed the committee. He told of the act passed in 1893 providing for levying a tax to build a jail, and how this tax had increased from 2 cents on the \$100 in 1893 to 8 1/3 cents in 1901.

Major Butler explained the financial condition of the county, and in speaking of the increase of the tax rate on the jail bonds said that the small rate was made years before the bonds were due, but that when these began to fall due each year there had to be an increase. These bonds, not due till 1911, had been paid off, as well as some others not due till 1918. He said that for general expenses the county was in debt, because of bridges swept away and epidemics, and that while there was money on hand it was a residue for special purposes, and it was only desired to use this for general purposes.

The committee heard all sides, and then voted to report the bill to use the residue of the jail bonds, about \$1,500 for general county expenses and to amend the bill providing for a levy for small-pox epidemic, so that the taxes could only be used for that purpose."

IT DAZZLES THE WORLD.

No discovery in medicine has ever created one-quarter of the excitement that has been caused by Dr. King's New Discovery for Consumption. It's severest tests have been on hopeless victims of Consumption, Pneumonia, Hemorrhage, Pleurisy and Bronchitis, thousands of whom it has restored to perfect health. For coughs, colds, asthma, croup, hay fever, hoarseness and whooping cough it is the quickest and surest cure in the world. It guarantees satisfaction or refund money. Large bottles 50c and \$1.00. Trial bottles free.

Sold by all druggists.

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers, they filter out the waste or impurities in the blood. If they are sick or out of order, they fail to do their work.

Pains, aches and rheumatism come from accumulation of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries.

It is used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail. Home of Swamp-Root, free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention the paper when writing Dr. Kilmer & Co., Poughkeepsie, N. Y.

PILES

"I suffered the tortures of the damned with protruding piles brought on by constipation with which I was afflicted for twenty years. I was cured by your Cascarets, the town of Newell, Ia., and never found anything to equal them. To-day I am entirely free from piles and feel like a new man."

C. H. KEITZ, 1411 Jones St., Sioux City, Ia.

Read it in His Newspaper.
George Schaub, a well known German citizen of New Lebanon, Ohio, is constant reader of the Dayton Volkszeitung. He knows that this paper aims to advertise only the best in its columns, and when he saw Chamberlain's Pain Balm advertised therein for lame back, he did not hesitate in buying a bottle of it for his wife, who for eight weeks had suffered with the most terrible pains in her back and could get no relief. He says: "After using the Pain Balm for a few days my wife said to me, 'I feel as though born anew,' and before using the entire contents of the bottle the unbearable pains had entirely vanished and she could again take up her household duties." He is very thankful and hopes that all suffering likewise will hear of her wonderful recovery. This valuable liniment is for sale by T. F. Sanders

Mothers

Jaws

Tightly Locked From Nervous Spasms. Physicians Could Not Prevent Fits. Dr. Miles' Nervine Cured My Wife.

Dr. Miles' Nervine has been successfully tried in thousands of cases of nervous disorders, but never has it made a better record than when used in the treatment of fits or spasms. Thousands of testimonials prove this, and in nearly every instance the writer has stated that the fits ceased after the first dose of Nervine was given. The statement is repeated in the following:
"Seven years ago my wife commenced having spasms or fits and I called in my home physician and he said she was paralyzed. He rubbed her with salt water and gave her calomel and she eventually got some better, but in a short time she had another attack. She was confined to her bed for three months and the doctor could not help her. She had fits frequently, some times very severe. Her hands would clasp so we could not open them and she finally got so her jaws would become locked. Finally I saw the doctor was doing her no good and ordered a bottle of Dr. Miles' Restorative Nervine. She received so much benefit from the first bottle that I got some more. She has taken a number of bottles but has never had a fit since taking the first dose. She also thinks very highly of Dr. Miles' Nervine and Liver Pills and is never without them. If there is any way of making this testimonial stronger do so because of the good the Dr. Miles Restorative Nervine did my wife."—WM. V. ALLEN, P. M., Elkville, Miss.

MISS MAY MARKELL,
A Society Belle of London, Canada.

MISS MAY MARKELL, of London, Ontario, Canada, is a beautiful girl who knows what suffering is and Wine of Cardui has brought her back to health. She is one of the social favorites of her home and her recovery to health has permitted her to enjoy the company of her many friends instead of lying on a bed of sickness and suffering. For the health she now enjoys she gives credit to Wine of Cardui. She writes:

"I have found Wine of Cardui an excellent remedy for female trouble. I suffered for three years with terrible bearing-down pains at the menstrual period. I could hardly stand on my feet and was never real well. Wine of Cardui was the only medicine that I could depend on to do me any good, as I tried several with no success. Wine of Cardui cured me and I have now enjoyed perfect health for two years, and give you all the credit for I know you deserve it."

For a young girl Wine of Cardui is the best remedy to guide her through womanhood by starting the menstrual flow in a healthy and natural manner. Menstruation started right is very easy to keep regular through the years of mature womanhood. Then the "change of life" need not be feared. Thus Wine of Cardui is women's best relief from youth to old age. A million women have secured blessed relief from their sufferings by taking this treatment. It relieves menstrual troubles in an incredibly short time. In a simple case of deranged women Wine of Cardui never fails. To remove the cause of a disease renders the cure easy, in fact seldom fails to complete the cure. If you would have the same relief which Miss Markell secured by Wine of Cardui. You can take it without an examination and without any publicity whatever. You can take it in the privacy of your home and secure just as much benefit as if a doctor had prescribed it for you. Thousands of women are feeling the vigor of returning health by taking Wine of Cardui.

WINE of CARDUI
A million suffering women have found relief in Wine of Cardui.

RIPANS

A Ripans Tabule taken occasionally will keep the body clean within, resulting in a healthy and pleasing appearance without.

It is a good sensible plan to keep the body up to the high water mark of good health all the time.

The person who uses Ripans Tabules feels good all the time, they regulate the bowels and keep the stomach in good condition, and when the stomach digests the food properly, the chances of getting sick are lessened.

The little five cent cartons hold ten doses and they are convenient to carry.

FOR TWENTY-ONE YEARS

Catarh Remedies and Doctors Failed
—Pe-ru-na Cured.

MR. A. E. KIDD.

ELGIN, ILL.—In a very recent communication from this place comes the news that Mr. Arthur Ernest Kidd, a well-known architect of that city, has made complete recovery from catarh of the head, from which he had suffered for nearly a quarter of a century. He writes from 18 Hamilton ave.:

"I am 42 years of age, and have had catarh of the head for over half of my life, as a result of scarlet fever, followed by typhoid fever. I got so bad that I was almost constantly coughing and clearing my throat. The catarh greatly impaired my eyesight, and the hearing in one ear, and reduced my weight to 110 pounds.

"I tried nearly every catarrh remedy advertised, besides a great many different physicians' treatments, all of which failed. I had heard and read of Peruna, and finally decided to try it two months ago. I have now taken seven bottles, and weigh 172 pounds. Never felt happier or merrier. Feel tip top.—A. E. KIDD.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The

Hartman Sanitarium, Columbus, O.

Ask your Druggist for a Free Pe-ru-na Almanac

The Rev. D. J. O'Sullivan, a member of the Vermont State Legislature, is the first Catholic priest ever elected to that body. Mr. O'Sullivan was invited to attend a dinner given by the Anti-Prohibitionists, but was unable to attend. He wrote a letter in which he said: "Personally I am not irrevocably wedded to any system of regulating the liquor traffic. I have never said one word against the prohibitory law, but I am heartily of the sanctimonious hypocrisy, the lying, the private and public corruption and the whole train of evils connected with its enforcement."

After making a great splutter about prohibiting betting on horse races the British commission appointed to inquire into the matter has come to the conclusion that if the law prevents the practice it is about as much as can be expected.

Many women and doctors do not recognize the real symptoms of derangement of the female organs until too late.

"I had terrible pains along my spinal cord for two years and suffered dreadfully. I was given different medicines, were plastered, and all these things helped me. Reading of the cures that Lydia E. Pinkham's Vegetable Compound has brought about, I somehow felt that it was what I needed and bought a bottle to take. How glad I am that I did so; two bottles brought me immense relief, and after using these bottles more I felt new life and blood surging through my veins. It seemed as though there had been a regular house cleaning through my system, that all the sickness and pain had been taken out and new life given me instead. I have advised dozens of my friends to use Lydia E. Pinkham's Vegetable Compound. Good health is indispensable to complete happiness, and Lydia E. Pinkham's Vegetable Compound has secured this to me."

—MRS. LAURA L. BREMER, Crown Point, Indiana, Secretary Ladies Relief Corps.—\$5000 worth of relief letters proving genuineness cannot be produced.

Every sick woman who does not understand her ailment should write Mrs. Pinkham, Lynn, Mass. Her name is free and always helpful.

No. 6.

Judges Differ.

A somewhat singular judicial situation has arisen in Melbourne. At the last session of the Criminal Court the senior puisne judge, Sir Hartley Williams, announced that he had come to the conclusion that first offenders should not be sent to prison. He therefore liberated half a dozen convicts of that class on their own recognizances. This time the chief justice, Sir John Madden, is presiding in criminal jurisdiction, and in sentencing a first offender to ten years imprisonment he indulged in some sarcastic remarks about the sentimentality of his learned brother. There was never any love lost between these two eminent dignitaries. Sir Hartley publicly protested when Sir John was taken from the bar and placed over his head. But respect for the law suffers when it is a toss-up whether a first offender gets off scot-free or gets ten years.—London Chronicle.

My Lungs

"An attack of la grippe left me with a bad cough. My friends said I had consumption. I then tried Ayer's Cherry Pectoral and it cured me promptly."

A. K. Randles, Nokomis, Ill.

You forgot to buy a bottle of Ayer's Cherry Pectoral when your cold first came on, so you let it run along. Even now, with all your hard coughing, it will not disappoint you. There's a record of sixty years to fall back on.

Three sizes: 25c, 50c, \$1. All druggists.

Consult your doctor. If he says take it, then don't take it. If he says not to take it, then don't take it. If he says to take it, then take it. J. C. Ayer & Co., Lowell, Mass.

No. 6.

Crown Prince Gustaf will be appointed Regent of Sweden during King Oscar's indisposition.

Beware of Quackery for Catarh That Contains Mercury.

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surface. Such articles should never be used except prescriptions from reliable physicians, as the damage they will do is tenfold to the good you can possibly derive from it. In buying Hall's Catarrh Cure be sure to get the genuine. It is taken internally, and is made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by Druggists; price, 75c per bottle. Hall's Family Pills are the best.

It sometimes happens that a fool girl will throw a millionaire overboard for a man who can't borrow twenty cents.

Pink's Cure for Consumption is an infallible medicine for coughs and colds.—N. W. SAMUEL, Ocean Grove, N. J., Feb. 17, 1903.

The dreamer is often carried away by a train of thought.

Any one can dye with PUTNAM FADE-LESS DYES; no experience required.

It doesn't do much good to lead a hand unless there is something in it.

CREMATION GROWS IN FAVOR.

Many Prefer This Method of Disposal of the Dead.

Germany possesses seven crematories, the total number of cremations performed at each during the year 1901 being 693. In Great Britain there are seven crematories, in which, during the year 1901, 445 persons were cremated. Italy possesses twenty-two crematories, but statistics as to the number of persons upon whom cremation was performed in 1901 is lacking in some of these. There are three crematories in Switzerland, at one of which 127 cremations were performed in 1901. Sweden possesses two and Denmark one. In Austria-Hungary societies for the promotion of cremation continue to be formed, but the practice of cremation has not yet been legalized. In Madrid the right of cremation has been conferred by a royal decree, while even in Russia the government proposes to issue a decree in favor of making cremation optional.

In France a large crematorium is situated in the far-famed cemetery of Paris, Pere la Chaise, in which, since its opening, 2,259 bodies have been cremated. In the United States are twenty-six crematories, twenty-four of which are in operation. A larger number of persons are cremated yearly in the United States than in any other country. In Canada cremation is practically unknown as yet, the only crematorium in the country being one at Montreal.

THE SAYINGS OF CHILDREN.

Querer and Amusing Ideas Formed by the Youngsters.

The queer conceptions of things that come to children cause them to advance such strikingly original ideas that their elders are more than astonished. A little boy who lives down in the country not far from Chicago was driving out through the farm lands with his parents. On the way they passed a place where a house was being erected. The builders had completed the floor of the porch, but had not as yet put up the pillars. The little fellow looked at the house for a minute and then exclaimed:

"Oh, mamma, there's a porch without any handles."

Another little chap, three years old, stepped out into the yard with his mother on a cold evening not long ago. Suddenly he grew silent and then burst out with: "Why, mamma, I see a foggin'."

He had been watching his breath freeze in the cold air.

Still, another youngster, this time a little girl, is exceedingly fond of pumpkins. All year she has watched diligently for the pumpkins, and finally when they arrived this fall her delight knew no bounds. Rushing up to her mother, she begged:

"Mamma, please kill a pumpkin and make a pie."

The best ten chapters of course of Bible studies, which is being given in the chapel of the Fifth Avenue Presbyterian church, New York city, on Sunday evenings at 7:30 o'clock, is arousing unusual interest. Three hundred and sixty-five persons were present for the study of the fourteenth chapter of John and about the same number of the third chapter of John. Five of the "best ten" chapters are found in John, and the other five represent five other books of the Bible.

After making a great splutter about prohibiting betting on horse races the British commission appointed to inquire into the matter has come to the conclusion that if the law prevents the practice it is about as much as can be expected.

The tunnel which is to furnish power to Cleveland from five miles out in Lake Erie is now practically completed. After six years' work, at a cost of \$1,250,000, it runs one hundred feet below the lake bottom and is nine feet in diameter. Fifty lives have been lost in this work.
